

PETITION

Exeter, N. H., Date February 7, 1979

The undersigned petitions for a license to install and maintain underground conduits, cables and wires and to erect and maintain poles and structures with wires, cables, conduits and devices thereon, together with sustaining, strengthening and protecting fixtures, to be located as shown on a plan filed herewith marked

Exeter and Hampton Electric Company

No. J.T.-2711 EXETER, dated February 7, 1979

New England Telephone and Telegraph Co.

Exeter and Hampton Electric Company

By *Irving P. Gray*
HIGHWAY AGENT

By *Robert Curran*

LICENSE

Date 2-30-79

Upon the foregoing petition and it appearing that the public good so requires it is hereby ordered That New England Tel. & Tel. Co. and Exeter and Hampton Electric Company be and hereby are/is granted a license to erect and maintain poles and structures with wires, cables and conduits, either overhead or underground, and devices used in connection therewith, together with sustaining, strengthening and protecting fixtures in the locations covered by said petition. The maximum and minimum length of the poles and height of the structures shall be 70 feet and 20 feet respectively. The approximate location of the poles, structures and/or underground conduits are designated or defined as shown upon the aforesaid plan which is made a part of this order. All the said wires except such as are vertically attached to the poles and structures shall be placed at a height of not less than 18 feet above the surface of the highway.
